

DbMigration

IMigrationMetadata

Deadpan.Migrations.InitialCreate

```
graph TD; A[Deadpan.Migrations.InitialCreate] --> B[DbMigration]; A --> C[IMigrationMetadata];
```

The diagram illustrates a dependency relationship. At the bottom, a box labeled 'Deadpan.Migrations.InitialCreate' has two arrows pointing upwards to two boxes at the top: 'DbMigration' on the left and 'IMigrationMetadata' on the right. The arrows originate from a single point on the bottom box and branch out to point at the bottom of each of the top boxes.
